

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Served at the siege of Sebastopol in 1854-55 (Medal and Clasp, *KCB.*, Officer of the Legion of Honor, Sardinian Medal, and 3rd Class of the Medjidie).

174 Major General T. M. Williams previously to entering the Army served five years as Midshipman in the Navy, and was engaged in the attack of the French Fleet by Admiral Cornwallis on the 21st Aug. 1805. Assisted in the disembarkation of the British Army in Portugal in Aug. 1808, and at its embarkation during and after the battle of Corunna in 1809. Accompanied the expedition to Walcheren the same year, and served in the squadron of gun-boats in the Scheldt covering the disembarkation of the army, and at the bombardment and capture of the fortresses of Ter Vere, Ramakins, and Flushing. Landed with a division of sailors on the Island of South Beveland, and was present at the taking of Fort Bats, and at the subsequent defence and repulse of the enemy in their repeated efforts to repossess themselves of that important post; also in frequent gun-boat actions co-operating with the army during their evacuation of those islands in 1810. He quitted the Navy and entered the Army in Feb. 1811, and joined the 4th Regt. in Portugal in August of the same year, and served in that corps and the 77th, into which he was promoted from that period, to the termination of that war in 1814, without being a day absent from his Regt. He was present at the siege and storming of Badajoz, at the operations on the Bidassoa and Adour, and affairs at St. Jean de Luz, and at the Mayor's House in front of Bidart in Dec. 1813, and at the investment of Bayonne and repulse of the sortie. He has received the War Medal with one Clasp for Badajoz.

1 Lord Combermere accompanied his Regt. (the 6th Dr. Gds.) to Flanders in Aug. 1793, and served to the end of that campaign, and until June of the following one. In 1795 he embarked in command of the 23rd Lt. Dra. for the Cape of Good Hope, and served a short but active campaign under Sir Thomas Craig, when he accompanied his Regt. to India, where he served in the memorable campaign of 1798 and 99, against Tippon Sultan, including the battle of Mallavelly, and siege of Seringapatam. Proceeded to the Peninsula in 1800, in command of a brigade of cavalry, consisting of the 14th and 16th Lt. Dra., at the head of which he distinguished himself, during the campaign in the north of Portugal, including the operations at Oporto, and afterwards at the battle of Talavera. In Aug. 1809, the local rank of Lieut.-Gen. was conferred upon him; and, early in 1810, he was appointed to the command of the whole allied cavalry under the Duke of Wellington, and remained in that command until the termination of the war in 1814, and distinguished himself at the head of the cavalry upon every occasion that presented itself, including the various actions in covering the retreat from Almeida to Torres Vedras, battle of Busaco, actions at Villa Garcia and Castron, battles of Fuentes d'Onor and Salamanca (severely wounded), action at El Bodon, battles of the Pyrenees, Orthes, and Toulouse. Served also at the siege and capture of Bhurtpore, in 1825 and 26, as Commander-in-Chief. His Lordship has received a Medal for Seringapatam; the Gold Cross and one Clasp for the battles of Talavera, Fuentes d'Onor, Salamanca, Orthes, and Toulouse; and the Silver War Medal with three Clasps for Busaco, Ciudad Rodrigo, and Pyrenees; he is a Grand Cross of the Tower and Sword of Portugal, and of Charles the Third, and St. Ferdinand of Spain.

#### [Continuation of Notes to 47th Foot.]

1 Lieut.-General Shaw Kennedy served with the 43rd Light Infantry at the siege of Copenhagen and battle of Kluge in 1807. In 1808 with the Corps of Sir David Baird from Corunna to Sahagun, and in the retreat under Sir John Moore. In 1809 with the Light Division in the march from Lisbon to Talavera, where he became Adjutant of the 43rd. Served as Aide-de-Camp to General Robert Craufurd during 1809 and 1810, and was present in the numerous affairs that took place between the Coa and Aquede, and severely wounded at the action of Almeida. Served at the siege of Ciudad Rodrigo, and at the assault of the Fort and of the place. Stood with General Craufurd when, in the assault, he placed himself on the crest of the glacis, where he fell mortally wounded. Was the bearer of the Duke of Wellington's summons to the Governor demanding the surrender of the place. Served with the 43rd at the siege and storming of Badajoz, during the investment of the forts of Salamanca, the advance and retreat from that place to the Douro, the action of Salamanca, and the investment of the Retiro and occupation of Madrid. Served as Aide-de-Camp to General Baron Alton on the retreat from Madrid to Salamanca, and in the affairs that took place between Salamanca and Rodrigo. Served as the only officer of the Quarter-Master General's Department to the 3rd Division of the Army, in the actions of Quatre Bras and Waterloo. Reconnoitred for the line of march of the Division on the 17th of June from Piermont and the Ligny Road, crossing the Dyle at Wavre, a line of march separate from the rest of the Army, and a movement of great delicacy, being performed in open day in presence of Napoleon's advance. On the 18th of June was allowed, in presence of the Duke of Wellington, to form the Division in an order of battle new and unusual, that of oblique in echelon, to meet the formidable masses of Cavalry soon forming in its front, and in this formation the Division resisted repeatedly, with perfect success, attacks of Cavalry and Artillery probably as formidable as any known in military history. On the 18th was struck on the side and disabled for some time; and had one horse killed and one wounded. Commanded at Calais, during the three years of the Army of Occupation, the establishment formed there to keep up the communication between the Army and England. Served nine years as Assistant Adjutant-General at Manchester, during periods of disturbance, and generally in command. Organised the Constabulary Force of Ireland. After attaining the rank of Major-General, was named by the Duke of Wellington to several very important commands. Has received the War Medal with three Clasps.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The population of the United States has increased from about 100 million in 1900 to over 200 million in 1950. At the same time, the population of rural areas has decreased from about 100 million in 1900 to about 50 million in 1950. This has led to a concentration of the population in urban areas, which has had a profound effect on the economy and society.

This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. This has led to a concentration of the population in urban areas, which has had a profound effect on the economy and society.

[illegible]

1. The first step in the process of the development of a new product is the identification of a market need. This is often done through market research, which can be conducted in a variety of ways, including surveys, focus groups, and interviews. The goal of market research is to gather information about the needs and preferences of potential customers.

## ALPHASHOT

1. The first of these is the fact that the  
 2. Bureau of the Census has been unable to  
 3. determine the exact number of persons who  
 4. are in the United States who are of  
 5. foreign birth. This is due to the fact  
 6. that the Bureau has not been able to  
 7. obtain the necessary information from the  
 8. various countries which have furnished  
 9. the data. This is a serious defect in  
 10. the Bureau's statistics, and it is  
 11. one of the reasons why the Bureau's  
 12. statistics are not as reliable as they  
 13. should be. It is also one of the  
 14. reasons why the Bureau's statistics are  
 15. not as useful as they should be.
